

REMARKS

Applicant's counsel thanks the Examiner for the careful consideration given the application.

The present application contains claims 1-5, 7-9, 14-21, 23-24, 26-28, and 32.

Applicant submitted a First Reply to Final Action under Rule 116 on February 22, 2007, which is hereby incorporated by reference.

An Examiner telephone interview was held between the Examiner Kang, Mr. John Harris (Registration Number 39,465) and Mr. Xiang Lu (Registration Number 57,089) on May 30, 2007.

During the interview, the differences between the primary reference Hamilton et al., (U.S. Patent No. 6,009,464), and the claims presently on file were discussed. Amendments to the claims were also discussed. The Examiner indicated that inclusion of the limitations 1) that the communication pipe is within the communication link, and 2) the communication between the server resident process and the browser hosted process is through a secure channel would overcome the Hamilton reference.

Applicant has amended the independent claims to include the limitations 1) that the communication pipe is within the communication link, and 2) the communication between communication between the server resident process and the browser hosted process is through a secure channel. Therefore, the references Hamilton et al., (U.S. Patent No. 6,009,464), and Balasubramanian et al., (U.S. Patent No. 6,701,441), are overcome.

Withdrawal of the Examiner's rejection is respectfully requested.

Applicants have made a diligent effort to place the claims in condition for allowance. However, should there remain unresolved issues that require adverse action, it is respectfully requested that the Office telephone Applicants' Attorney at the number listed below so that such issues may be resolved as expeditiously as possible. For the reasons stated above, and in view of the above amendments, this application is now considered to be in condition for allowance and such action is earnestly solicited.

If any further fees are required by this communication, please charge such fees to our Deposit Account No. 16-0820, Order No. 33262.

Respectfully submitted,
